Frequently asked questions

IS PARKING AVAILABLE?

Parking is available in our car park and designated visitor spaces. Please ensure you arrive by 8 AM, as the school's gates will close at 8:15 AM and remain shut until the event concludes at 12:30. Due to limited parking availability, we encourage guests to car share where possible. For further details, refer to the attached map. Additionally, we offer two disabled parking spaces; should you require one, kindly contact us in advance.

WHAT STUDENTS ARE ATTENDING?

300 students aged 9 to 14 (Primary 6 to S2) will be attending from St George's and guest schools.

HOW IS THE EXHIBITION RUN?

We will have two 40-minute sessions. Each session will have 150 students freely moving around the hall, exploring as many stalls as possible.

APPOINTEDD - KEYNOTE SPEECH

Leah Hutcheon, CEO of Appointedd, is a celebrated tech leader and advocate for gender equality. Recognised among Business Women Scotland's Top 100 Female Entrepreneurs, she champions fair opportunities for women in Scotland's economy, notably through her roles with Women's Enterprise Scotland and Entrepreneurial Scotland. Her innovative company, Appointedd, is globally acknowledged, showcasing her entrepreneurial excellence.

I-CONFIDENTIAL

Both i-Confidential and West Lothian College's CyberDrive will be hosting engaging stalls. These stalls will feature fun activities centred around cyber security, including lock-breaking challenges, interactive sessions on protecting oneself online, and demonstrations of ethical hacking techniques. This hands-on approach aims to educate participants in an enjoyable and immersive way, making the complex world of cyber security accessible and interesting to all.

NATWEST & GUESTS

NatWest presents a captivating tech and finance experience. Dive into the world of Generative AI with mind-bending examples and bring art to life with an augmented reality app. Engage in fun financial literacy games and activities designed for girls, both for home and school learning. Plus, get hands-on with Marty the Robot and Spot the robot dog from Robitcal, the National Robotarium and Edinburgh Futures Institute. This event offers a unique blend of learning and interactive fun, perfect for those eager to explore the future of banking and technology.

AND DIGITAL

AND Digital will showcase Agile ways of working - mindset to methodology. AND how women have a hugely important role in helping the world develop brilliant digital products.

DRESS CODE

dressCode is an all girls coding club aspiring to make a dent in the Computing Science gender gap, to engage, inspire and raise awareness of opportunities in the world of tech.

SPACE INTELLIGENCE

Space Intelligence will be along to host interactive unique sessions exploring remote sensing (satellite data)!

AMAZON

Amazon will be showcasing cutting-edge applications of generative AI and robotics

TURING FEST

Europe's leading tech event at the intersection of product, growth, capital, and people will be hosting a pitching activity for students to come up with a business solution

EMOODIE

eMoodie is a startup creating an app used as a research tool for the express purpose of studying mental health symptoms, emotions and health factors.
