What makes the Co-Curriculum at St George's so special?

The Co-curriculum, specifically for the Junior school, provides a spark for their imagination, a taster of what they can do throughout their time here, and a chance to just do whatever they want to! We work hard to ensure a broad range of clubs are accessible to all, and actively encourage participation. Whether it's meeting other teachers and pupils, working at something they love or testing themselves out in something new, the rewards are endless.

The themes of our unique programme run through to the Senior school. So we really do cater to everyone with the scope to specialise if they want to become a design guru, or musical master or explore any other area that they love. Clubs and activities are reviewed and updated termly but we hope that you get a flavour of the busy co-curricular life of a Junior School pupil.

Laura Buchanan
Deputy – Head of Co-curricular Junior School

Nursery Activities

Our Nursery children have a wide range of clubs and activities that they can take part in during their regular nursery hours such as Rugby Tots, Ballet, Music, and Library - all of which prepare them well for the transition into Junior Co-curricular life.

Junior School Activities

The following clubs are a selection of what St George's pupils enjoy from P1 to P5 :

Hockey Junior School

Looking to have fun while improving your hockey skills? Our hockey club offers an energetic and welcoming environment with daily sessions packed with exciting activities and engaging gameplay.
Open to all students from **Primary 1**, our programme caters to every age and skill level. Whether you're just starting out or looking to sharpen your fundamentals, our junior-friendly sessions place a strong emphasis on skill development, teamwork, and confidence-building. It's the perfect place to learn the game, make new friends, and grow as a player.
Everyone is welcome—come and be part of the fun!

Judo and Self-defence Junior School

This club focuses on body preparation including coordination, balance, and agility in a fun and engaging environment.

Athletics

Come to Athletics Club to improve your techniques, personal best times and distances in both track and field events. You will have an opportunity to compete against your classmates, and take part in competitive matches against other schools.

Lacrosse

Take your lacrosse to a new level! With games against other schools, it is the perfect opportunity to take your skills and test them out in a competitive environment. Practice, play, and enjoy!

Tennis

Tennis Club is open for all levels of experience and ability. The students participate in occasional festival-style events focusing on short-court doubles play. The focus of the club is to develop their basic skill levels and to introduce different game formats in a fun and engaging environment.

Cricket

Cricket is a fun and sociable club where you can learn new skills, play games, and compete against other schools. We cater to beginners and experienced players, with soft and hard ball cricket

Clubs for all!

Netball Junior School
FUN and dynamic netball sessions introducing the FUNdamentals of netball. The aim of these sessions is to develop basic netball skills and knowledge of the game.

Fencing Junior School
At Fencing Fun we aim to give the children the best possible first experience of this Olympic sport using lightweight plastic equipment. Our classes are all structured to make their learning experience fun, inspiring and purposeful. We work through our own grading system developing core skills, as well as skills that will help them become successful and confident in life and not just in sports.

Ballet
Our Ballet classes introduce children to the discipline of ballet. Children will develop movement in dance with a focus on posture and co-ordination whilst having lots of fun.

Get Active, get physical, and get moving!

Creativity for now and life!

Art Club
Art Club is where you can achieve your artistic ambitions, spark your imagination and fuel your creative fire! Come and have a go at some fun arty activities whilst learning new skills.

Junior School Choir
Come and sing with the Junior Choir! We perform at concerts and events throughout the year and we sing lots of different music including musical theatre, and learn vocal techniques. Everyone is welcome, and there are no auditions.

Junior School Guitar Ensemble
Our Junior School Guitar Ensemble is open to existing guitar players within the Junior School. They will perform in concerts and events throughout the year.

Junior School Orchestra
Our new Junior School Orchestra will include string, woodwind, brass and percussion musicians. They will perform in concerts and events throughout the year.

Junior School Recorder Ensemble
Come and play with the Recorder Ensemble! We perform in concerts and events throughout the year and we play lots of fun music and learn new skills. Everyone is welcome, and there are no auditions.

Musical Theatre Club
Do you love singing? Do you like being in front of an audience? Are you always keen to boogie? If the answer to these questions is yes, then our Musical Theatre Club is for you!

Musical Group - Rick Band
Our co-curricular rock band offers students an exciting opportunity to collaborate, perform, and develop their musical talents in a dynamic setting. Rock band hones performance skills while building confidence and creativity on stage.

Clubs, courses, bands, choirs and ensembles

Go adventure, see the world!

Modern Languages

Our Modern Languages clubs cover several languages including Mandarin, French, and Spanish. Using a multi-sensory approach, they provide an introduction and progression within each language. You will take part in activities and games, and learn songs which we hope will create a lifelong love of languages.

Outdoor Learning

Explore our expansive school grounds and learn about nature. You will have the opportunity to create natural artwork and discover more about our fantastical forest.

Design the future!

Digi Club
Digi club will help you to develop your technological skills in a fun and interactive way. You will use i-Pads and laptops to develop a range of skills including coding, animation and digital storytelling.

Potions Club
Our Potions Club is a multi-disciplinary co-curricular club. We explore Science, Art and Design, Literacy and Drama within the context of magic!

Movie Making
Movie Making Club where creativity meets technology! Pupils in P4 and P5 will explore fun film techniques like slow motion, time-lapse, and stop motion using iMovie. Children will have the chance to plan, film, and edit their very own movies—turning their ideas into mini masterpieces!

Mini Engineers
Our Mini Engineers Club is the perfect place for curious young minds in P1 and P2! Using specially designed LEGO kits, children work together to solve fun challenges, build creative models, and explore early engineering concepts through hands-on play and teamwork.

Enterprise, Business, Science and Technology action

Pursue your passions! Special interest time

Book Club
Our book club brings literacy alive! With the help of our Junior School Librarian, you will immerse yourself in a world of imagination..

Storytelling
Our book club 'Bookworms' brings literacy alive! With the help of our Junior School Librarian, you will immerse yourself in a world of imagination.

Board Games
An interactive space to learn all about strategy, teamwork, effective communication, patience as well as a whole lot of random, amazing facts!

Chess
No chess game ever repeats itself which is why chess never gets boring! Become the general of an army as you compete against your opponent.

Lego Club
Invent, design, build and create our weekly challenges or your own dream sculpture with our HUGE selection of Lego!
