Did you know? Over 90% of our girls achieve their first-choice post-school destination...

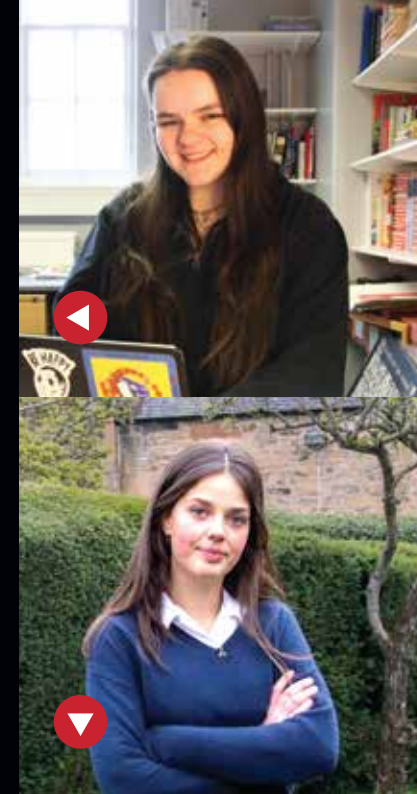

They leave us as robust and empathetic change-makers.

And that's what we want for your daughter, too...

Because, as Edinburgh's only all-through independent school for girls aged 3-18, we're a place of fabulous possibilities.

A St George's story: Megan

"This is more than just a school to me – the unwavering support from dedicated teachers has instilled the resilience to never give up. I'd previously doubted my writing abilities – but now I'm hoping to study history at St Andrews. It shows how St George's has boosted my confidence. Beyond the classroom, invaluable opportunities include our Nepal volunteering trip, which transformed my outlook on life."

A St George's story: Marni

"We've shared amazing learning experiences – such as our school visit to Cern to see the Large Hadron Collider, which sparked my interest in STEM subjects."

A voice for opportunity

Scholarship programme

As a leader in girls' education, we're committed to nurturing students with exceptional potential. That's why we offer **Academic, Art, Music, and Sport** Scholarships for new students at S1 (12+), S2 (13+), and S5 (16+) entry points, and existing students entering S1 and S5.

Among the qualities sought are potential, commitment, integrity, and love of learning. In return, our scholarships help talented girls pursue their ambitions and gain the confidence to become strong role models. Means-tested financial aid for fees is available in addition to Scholarship awards.

Full details of all our scholarship awards are available on our website at **www.stge.org.uk** and you can discover more at our October Open Days.

A St George's story: Bivy

"After arriving from Hong Kong, the school's supportive and inclusive community, along with constant support from teachers, really helped me feel at home."

voice

A St George's story: Isla

"I joined lacrosse club in Lower 4 after first enjoying the sport in PE. As I began to improve, the teachers at St George's constantly encouraged my progress. All that hard work paid off when I represented Scotland at the U21 European Championships in Prague (June 2023) – the tournament was an amazing experience, especially being one of the youngest players!"
